Ni-MH

Simple and Easy to Use

Even in the dark   Universal Design

User-friendly Illuminated Display/ Amber Backlit LCD*

The handset features 1-line dot LCD (12-digit x 1-line dot display) with backlight for easy operation. Thanks to amber-colour backlight, you can confirm the phone number of the caller when there's an incoming call even at night.

Anti fingerprints   Universal Design

Premium Texture

The textured finish was created to blend in with modern and elegant rooms. It is coated to resist fingerprints smudges in order to maintain the luster.

Easy caller identification

Caller ID with 50-Name & Number Caller ID Memory*

Thanks to Caller ID*[2] capability, you'll be able to see the phone number of an incoming call on the LCD. If the caller is registered in the phonebook, their name will be displayed.

* Requires subscription to Caller ID service offered by a telephone company

Instant recall

50-Name and Number Phonebook

You can store up to 50 names and numbers in the handset's built-in memory for quick and easy access.

Convenient for installation

Wall Mountable Compact Base Unit

A compact base unit lets you place it just about anywhere. And thanks to its wall-mountable design, the base unit can also be installed on the wall for added convenience.
